1 RISK FACTORS

A number of factors affect and may come to affect the Issuer's and the Group's operations, earnings, financial position, future prospects and result (the "Group's Financial Position") and thereby the Issuer's ability to fulfil its payment obligations under the Notes and the market value of the Notes. Below is a description of risk factors which the Issuer considers to be the most material risks relating to the Notes. The Issuer's assessment of the materiality of each risk factor is based on the probability of their occurrence and the expected magnitude of their negative impact.

The risk factors are presented in categories and where a risk factor may be categorised in more than one category, such risk factor appears only once and in the most relevant category. The most material risk factor in each category is presented first. Subsequent risk factors in the same category are not ranked in order of materiality or probability of occurrence.

1.1 Risks relating to the real property industry and the market

1.1.1 Macroeconomic factors

The Group's business idea is to acquire, develop and manage commercial real properties. The Group's business and the real property industry are affected by macroeconomic factors which are outside the Group's control. These factors include, but are not limited to, the growth of the gross domestic product (GDP) (or lack thereof), the unemployment rate, population changes, the rate of inflation or deflation, the level of production of new premises and residential real properties, as well as the possibility of raising financing for the Group. A weak economic trend may have a negative impact on, for example, the demand for commercial real properties, which in turn may lead to increased vacancies, declining market rents as well as the non-indexation of the Group's current leases. Furthermore, a weak economic trend may lead to an increased risk of tenants with financial difficulties, or tenants declaring bankruptcy, which would have an immediate and negative effect on the Group's cash flow. A limited capital supply, due to, for example, general difficulties in raising financing (or raising financing on acceptable terms for the Group) will impede the Group's ability to conduct business.

The Issuer considers the probability of the risks relating to macroeconomic factors materialising to be medium. If any of these risks materialise, it could have a material adverse effect on the Group's income and future prospects.

1.1.2 Changes in real property value

The Group's most valuable assets are its real properties. Changes in value of the Group's real property holdings may arise as a result of macroeconomic, microeconomic or property-specific reasons (usually cash flow related). There is a risk that the Group's real property holdings are incorrectly valued. The Group reports all real property at fair value in the balance sheet. Changes in real property value affect the income statement as well as the Group's result. Major negative changes in property value may ultimately lead to the Group defaulting on its obligations under credit agreements, which in turn may lead to increased financing costs, or, in worst case, acceleration or early termination of loans made available by creditors.

The Issuer considers the probability of the risks related to changes in real property value materialising to be medium. If any of these risks materialise, it could have a material adverse effect on the value and vacancy rate of the Group's properties which could lead to increased costs and loss of income.

1.1.3 Geographical and future development risks

The Group's real property holdings are to a large extent concentrated to cities located in central Sweden. The composition of the Group's real property holdings may be affected by an incorrect geographical allocation, meaning that the Group owns real property in the wrong sectional market, city or location, with respect to, among other things, future growth and urbanisation trends, or that the Group owns real property which are not future-proof based on customer preferences, technical requirements, "micro allocation" or flexibility in use and contractual terms. Real properties which in turn are not future-proof involve a greater risk of increased vacancies, which may lead to reduced property value or that the Group must make costly investments. Real property requires regular renovations to maintain, improve or adapt its technical status.

The Issuer considers the probability of the risk of the Group failing to identify and fund the necessary technical improvements to future-proof its real property holdings materialising to be low. If such risks materialise, it could have a material adverse effect on the Group's income and future prospects.

1.2 **Risks relating to the Issuer's business activities**

1.2.1 Real property development risks

The Group engages in construction and development projects related to its real properties. As per 30 September 2019, the Group had three on-going real property development projects with an approximate value of SEK 420,000,000. Decisions regarding the development of the Group's real properties involves future assumptions of the return on the investments, including rent levels, the number of vacancies, interest rates and financing possibilities. This also includes assessments and assumptions of future tenants' requests and needs. Incorrect assumptions during the investment and development may result in lower-than-expected or negative returns and decreased incomes for the Group.

Construction and development of real properties are constantly exposed to production risks. Contractors, suppliers, materials and technical solutions that do not perform according to expectations, contractual requirements or industry standards may adversely affect the Group's construction and development of real properties.

The Issuer considers the probability of the Group failing to identify risks related to the development and construction of its real properties to be medium. If such risks materialise, it could result in significant costs for the Group.

1.2.2 Risks related to acquisitions

A central part of the Group's business and expansion strategy is to acquire real properties and real property holding companies. The ability to execute its general acquisition strategy may be limited by external factors such as competition, demand for attractive objects, financing possibilities, market conditions and the price levels of investment objects. Consequently, unfavourable external factors may impede the ability of the Group to execute its acquisition strategy. Completed acquisitions may also have an adverse effect on the Group's result if, for example, unexpected vacancies occur, accounting or economic assumptions do not match projections or if unforeseen environmental requirements or tax claims arise.

When integrating operations and staff in connection with acquisitions, projected positive effects may be lost and processes may be delayed and require more resources than the Group has assumed. The Issuer considers the probability of the Group making

incorrect assumptions or miscalculations in relation to the above transactional risks to be medium. If such risks materialise, it could result in material costs for the Group.

1.2.3 Risks related to disposals

The Group may, from time to time, dispose real properties in order to adapt and optimise its real property holdings to market needs. The Group may also dispose real properties in order to finance investments, such as the acquisition of real properties or new construction and real property development. Unfavourable market conditions, such as an illiquid market in respect of real properties in central Sweden, may impede the Group's possibility to dispose of real properties, which in turn, together with other macroeconomic factors, could have an adverse effect on the Group's result. The Issuer considers the probability of risks related to disposals materialising to be medium.

1.2.4 Rental income

Most of the Group's revenues are related to rental income payments from tenants on its real properties. The Group's Financial Position is therefore highly dependent on such rental income. The Group's tenants mainly carry out commercial operations on the Group's real properties. More than half of the Group's total rental income as per 30 September 2019 consists of income from the Group's ten largest tenants. Rental income from the Group's tenants may be negatively impacted by a number of different factors, such as decreasing market rents, non-indexation, new laws, rules or regulations limiting the right to indexation of rent, reduced surface area demands, increased vacancies, decreased demand or increased customer losses which may result in decreased incomes for the Group. The Issuer considers the probability of the risks related to rental income materialising to be medium.

1.2.5 Dependency on other companies within the Group

A significant part of the Group's assets and revenues relate to, and is owned by, the Issuer's subsidiaries. The Issuer is thus dependent on sufficient income and cash flow generated by the operations of its subsidiaries. Consequently, the Issuer is dependent on the subsidiaries' availability of cash and their legal ability to make dividends, which from time to time may be restricted due to corporate restrictions or restrictions in law. The Issuer considers the risk of not receiving sufficient income from its subsidiaries to be low. If such risk were to materialise, it could have a material adverse effect on the Issuer's liquidity and result.

1.2.6 Insurance risks

The Group's real properties are its most valuable assets and the Group's Financial Position is to a high degree dependent on cash flow from rental income. The Group's insurance cover may be inadequate to compensate for damages related to, for example, the Group's real properties. In particular, certain types of risks (such as war, acts of terrorism, inadequate preparation in events of natural disasters or extreme weather conditions, such as flooding) may be, or may become, impossible or too costly for the Group to insure. Should damages to a real property occur, and subsequently lead to tenants terminating or not renewing their leases, there is a risk that the Group's insurance does not cover such loss of rental income.

If an uninsured damage would occur, or if the damage exceeds the insurance cover, the Group may lose the capital invested in the property as well as future income from the property. The Group may also be held responsible for repairing damages caused by uninsured risks. In addition, the Group may be held responsible for liabilities and other

financial obligations in relation to damaged real properties. The Issuer considers the probability of insurance risks materialising to be low. If such risks materialise, it could result in uninsured losses, or losses exceeding the insurance cover which could lead to increased costs and loss of income.

1.3 Legal and regulatory risks

1.3.1 Risks related to the tax legislation and the tax classification of real properties

The Group's business is conducted through several subsidiaries with tax residence in Sweden. The business involves the management, development, acquisition and disposal of real properties. As transactions of real properties is a core part of the business, there is a risk that special tax rules apply in case real properties are deemed inventories and not capital assets. The classification of the Group's properties as inventory or capital assets affects the level of taxation of dividends and profits from the disposal of properties. It also affects the conditions for the use of group contributions (*koncernbidrag*). The distinction between property management and property trading is not clearly expressed in laws or regulations but has instead evolved by case law. The most important criteria when deciding whether real property trading regulations apply seems to be the quantity of real property transactions made, the amount of time the trade objects have been in the company's possession and the overall purpose of the transactions. The preparatory work to the law states that the quantity of real property transactions must be seen in relation to the size of the company, meaning that the scope of acquiring and disposing real properties, without it being seen as property trade, is wider for listed property management companies.

Real property investments are classified by the Group, on a tax basis, on a perspective on direct deduction and depreciation. Such classifications are based on the interpretation of existing tax legislation and case law.

If the Group's interpretation, or application, of tax legislation, tax treaties and other tax regulations is incorrect, if one or more of the authorities successfully make negative tax adjustments in respect of a division within the Group, or if the existing laws, treaties, regulations or official interpretations of these, or if the administrative legal practise in relation to these are amended, including changes with retroactive force, the Group's previous and current dealings with tax issues may be challenged. If any authority successfully makes such claim, it may lead to increased tax costs, including tax surcharge and interest. The Issuer considers the probability of the risks related to the tax legislation and the tax classification of real properties materialising to be medium.

1.3.2 Legal risks

The Group's business is largely dependent on laws and regulations regarding the planning, development and construction of real properties, as well as laws and regulations related to environmental protection, safety and leasing. In order for the Group's real properties to be used and developed as intended, permits regarding city planning, zoning and property registration, among other things, are required. The Issuer considers the probability of the risk, that the Group will not receive or be granted the necessary permits to conduct and develop its real properties in a desirable manner, materialising to be low. If such risks materialise, it could have a material adverse effect on the future prospects of the Group as well as its Financial Position.

1.3.3 Real property costs

Real property costs are a material cost item for the Group which include operating costs, tariff-based costs, costs in relation to real property management, administrative costs,

insurance costs, real property taxes and other costs. Electricity prices are driven by supply and demand in an open, deregulated and partly international market. Other operating costs are partly governed by local monopolies, leading to uncertainty of future costs. Operating costs are, for instance, costs for maintenance and repairs as a result of terms and conditions in leases and regulatory requirements. If the Group does not perform maintenance and repairs in accordance with such provisions, the Group may incur liability or fines. For example, the National Board of Housing, Building and Planning (*Boverket*) continuously promulgates new regulations on the design, safety and surveillance of elevators, as well as regulations and recommendations on accessibility. Adapting real properties to new regulations is generally associated with costs. Operating real properties may also be affected by design errors, other hidden faults or deficiencies (such as power failures, asbestos or mould), damages (for example due to fire or other natural causes) and pollutions, and the Group may need to repair or remedy such defects due to contractual or regulatory requirements.

The Issuer considers the probability of the risks relating to real property costs materialising to be medium. Should any such risk be realised, it may result in significant unforeseen costs for the Group, and have an adverse effect on the attractiveness of the Group's real properties, require significant costs to remedy or repair and result in declining rental rates and rental income, which in turn could have an adverse effect on the Group's financial result.

1.3.4 Disputes

The Group has entered into a significant number of agreements, such as leases, construction agreements, development agreements and acquisition agreements. Further, the Group deals with authorities on a regular basis. There is a risk that the Group may from time to time be involved in legal disputes and arbitration proceedings in the future. Disputes, claims, investigations and legal proceedings may result in the Group being liable to pay damages or to terminate certain operations. In addition, the Group, or its board members, managers, employees or affiliated companies, may be subject to investigations or criminal proceedings. Such disputes, claims, investigations, and legal proceedings may be time consuming, disturb the day-to-day business, including claims for substantial amounts, and incur significant litigation expenses and damage the Group's reputation and general standing. In addition, it may be difficult to predict the outcome of complex disputes, claims, investigations and legal proceedings.

The Issuer considers the probability of the above risks materialising to be medium. If the Group becomes involved in disputes, claims, investigations or legal proceedings, it could result in material costs and reputational and other non-financial consequences for the Group.

1.3.5 Environmental risks

Real property acquisitions, which are a central part of the business and expansion strategy of the Group, exposes the Group for a risk of acquiring polluted real properties. The responsibility to remediate contaminations and other environmental damages on a real property is, pursuant to the current environmental laws, vested in the business operator who caused the environmental damage (polluter pays principle). If no such operator can be held responsible for such damages, or lacks the ability to pay for the remedial measures necessary, the Swedish Environmental Code (*miljöbalken (1998:808)*) stipulates a secondary responsibility for a party that acquires a contaminated real property. However, such responsibility requires that the purchaser of the real property either was aware or should have discovered the environmental

damages. Furthermore, in a situation that the Group acquires a real property previously used for industrial or similar purposes, the business operator is in general only required to finance remedial measures so that the real property is deemed usable for industrial use. If one or several of the above factors would develop negatively or if any of the described risks would materialise, it could have an adverse effect on the Group's Financial Position. The Issuer considers the probability of any environmental risk materialising to be low.

1.4 Risks related to the Group's financing

1.4.1 Liquidity and refinancing

Real properties are long-term assets that require long-term financing distributed between equity capital and interest-bearing debt. The Group therefore needs long-term financing and liquidity. Hence, the Group continuously renegotiates existing credit agreements and raises new financing. The Group is exposed to requirements in its credit agreements regarding the general economic climate or disturbances in the capital and credit markets. If such requirements are not met, the Group's ability to utilise existing credit may be significantly limited. The Group's credit agreements also expose the Group to counterparty risks. Furthermore, a downturn in the general economic climate, or disturbances on the capital or credit markets, may lead to limitations of the Group's access to financing. If the Group cannot raise necessary financing, or if the Group does not have sufficient liquidity it could be unable to meet its obligations to refinance its existing financing agreements, to fulfil its acquisition strategy or not be able to refinance its financing arrangements on favourable terms. The Issuer considers the probability of the risks relating to liquidity and refinancing materialising to be medium.

1.5 Risks relating to the Notes

1.5.1 Put options

According to the Terms and Conditions, the Notes are subject to prepayment at the option of each Noteholder (put options) upon the occurrence of a Change of Control Event, Listing Failure or Delisting. There is, however, a risk that the Issuer will not have sufficient funds at the time of such prepayment to make the required prepayment of the Notes which could adversely affect the Issuer, e.g. by causing insolvency or an event of default under the Terms and Conditions, and thus adversely affect all Noteholders and not only those that choose to exercise the put options. The Issuer considers the probability of the Noteholders exercising the put options to be low. However, if exercised, it presents a significant risk to each Noteholder.

1.5.2 Subsidiaries, structural subordination and insolvency of subsidiaries

A significant part of the Group's assets and revenues relate to the Issuer's subsidiaries. The subsidiaries are legally separated from the Issuer and the subsidiaries' ability to make payments to the Issuer is restricted by, among other things, the availability of funds, corporate restrictions and law restrictions. Furthermore, in the event of insolvency, liquidation or a similar event relating to one of the subsidiaries, all creditors of such subsidiary would be entitled to payment in full out of the assets of such subsidiary before any entity within the Group, as a shareholder, would be entitled to any payments. Thus, the Notes are structurally subordinated to the liabilities of the subsidiaries. The Group and its assets may not be protected from any actions by the creditors of any subsidiary of the Group, whether under bankruptcy law, by contract or otherwise. In addition, defaults by, or the insolvency of, certain subsidiaries of the Group could result in the obligation of the Group to make payments under parent-,

company-, financial-, or performance guarantees in respect of such subsidiaries' obligations or the occurrence of cross defaults on certain borrowings of the Group. The Issuer considers the probability of the risks relating to subsidiaries, structural subordination and insolvency of subsidiaries materialising to be low. If materialised, it could have a material adverse effect on the Group's result.

1.5.3 Security over assets granted to third parties

There is no "negative pledge"-undertaking in the Terms and Conditions. The Group may therefore, subject to limitations, incur additional financial indebtedness and provide additional security for such indebtedness. In the event of bankruptcy, reorganisation or winding-up of the Issuer, the Noteholders will be subordinated in right of payment out of the assets being subject to security. In addition, if any such third party financier holding security provided by the Group would enforce such security due to a default by any Group Company under the relevant finance documents, such enforcement could result in decreased income, have an adverse effect on the Group's future prospects and have a material adverse effect on the Noteholders' recovery under the Notes. The Issuer considers the probability of the above risks materialising to be medium.

1.5.4 Dividends

In accordance with the Terms and Conditions, the Issuer is allowed to make dividends not exceeding 50 per cent. of the Group's profit from property management after tax for the previous fiscal year, subject to the Incurrence Test being fulfilled. If any of these distributions are made, it could have an adverse effect on the Group's assets and on the position of the Noteholders. The Issuer considers the probability of the above risks materialising to be medium.

1.5.5 Interest rate risk

The Group's business is exposed to interest rate risk as costs and results may change as the market rates change. The Group's floating rate financing agreements are directly exposed to the interest rate risk. The market value of the Notes is dependent on several factors, one of the most significant over time being the level of the general market interest rates. Also, the fundamentals of STIBOR may be subject to changes in the future due to the so-called Benchmark Regulation (Regulation (EU) 2016/1011). The Terms and Conditions provides for certain fallback arrangements if STIBOR becomes unavailable. The Notes have a floating rate structure based on 3 months STIBOR plus the margin, and the interest rate of the Notes will be determined two business days prior to the first day of each interest period. Therefore, the interest rate is to a certain extent adjusted for changes in the level of the general market interest rate. Even though the Issuer considers the probability of the interest rate risks materialising to be low, an increase of the general market interest rate level could decrease the market value of the Notes.

1.5.6 Majority owner

Following any potential change of control in the Issuer, the Issuer may be controlled by majority shareholders whose interest may conflict with those of the Noteholders, particularly if the Group encounters difficulties or is unable to pay its debts as they fall due. A majority shareholder has the legal power to control a large amount of the matters to be decided by vote at a shareholder's meeting. For example, a majority shareholder will have the ability to elect the board of directors. Furthermore, a majority shareholder may also have an interest in pursuing acquisitions, divestments, financings or other transactions that, in their judgment, could enhance their equity investments, although such transactions might involve risks to the Noteholders. There is nothing that

prevents a shareholder or any of its affiliates from acquiring businesses that directly compete with the Group. If such an event were to arise, it could have an adverse effect on the Group's incomes and future prospects. According to the Terms and Conditions, if a change of control event occurs, the Noteholders would, however, have a right of prepayment of the Notes (put option).

The Issuer considers the probability of the risk, that the Issuer does not have sufficient liquidity to repurchase the Notes if the Noteholders use its right of prepayment, materialising to be low (see further under Section "Put options").

1.5.7 Currency risks

The Notes are denominated and payable in SEK. If Noteholders measure their investment return by reference to a currency other than SEK, an investment in the Notes will entail foreign exchange-related risks due to, among other factors, possible significant changes in the value of the SEK relative to the currency by reference to which investors measure the return on their investments. This could cause a decrease in the effective yield of the Notes below their stated coupon rates and could result in a loss to investors when the return on the Notes is translated into the currency by reference to which the investors measure the return on their investments. Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, there is a risk that investors may receive less interest or principal than expected, or no interest or principal at all. The Issuer considers the probability of such risk being realised to be low.

1.6 **Risks relating to the value of the Notes and the bond market**

1.6.1 Liquidity risk and secondary market, including the market value of the Notes

The Issuer has an obligation to ensure that the Notes are listed on Nasdaq Stockholm or any other Regulated Market within 60 days from the First Issue Date. Even if the Notes are admitted to trading on Nasdaq Stockholm or any other Regulated Market, active trading in the Notes does not always occur. Therefore, a liquid market for trading in the Notes might not occur, which can for example be connected to the SEK 1,250,000 nominal amount, even if the Notes are listed. This may result in that the Noteholders cannot sell their Notes when desired or at a price level which allows for a profit comparable to similar investments with an active and functioning secondary market. Lack of liquidity in the market may adversely affect the market value of the Notes. Furthermore, the nominal value of the Notes may not be indicative compared to the market price of the Notes if the Notes are admitted for trading on Nasdaq Stockholm or any other Regulated Market.

Further, the market value of the Notes could be subject to significant fluctuations in response to actual or anticipated variations in the Group's Financial Position and those of its competitors, adverse business developments, changes to the regulatory environment in which the Group operates, changes in financial estimates by securities analysts and the actual or expected sale of a large number of Notes, as well as other factors. In addition, in recent years the global financial markets have experienced significant price and volume fluctuations, which, if repeated in the future, could adversely affect the market price of the Notes without regard to the Group's Financial

Position. The Issuer considers the probability of risks related to liquidity and second market materialising to be medium.

1.6.2 Credit risk

Investors in the Notes carry a credit risk relating to the Issuer and the Group. Investors' ability to receive payment under the Terms and Conditions is therefore dependent on the Group's Financial Position. If the Group's Financial Position deteriorates it is likely that the credit risk associated with the Notes will increase since the risk that the Issuer cannot fulfil its payment obligations under the Notes increases. The Group's Financial Position is affected by numerous risk factors, some of which have been outlined above.

The Issuer considers the probability of the credit risk materialising to be medium. If materialised, it could result in the market pricing the Notes with a higher risk premium, which would adversely affect the market value of the Notes. There is also a risk that if the Group's Financial Position deteriorates it will reduce the Group's possibility to receive debt financing at the time of maturity of the Notes, or earlier, if necessary.

2 STATEMENT OF RESPONSIBILITY

The issuance of the Notes was authorised by resolutions taken by the board of directors of the Issuer on 4 November 2019 and the Notes was subsequently issued in the amount of SEK 200,000,000 on 22 November 2019. This summary does not purport to be, and shall not be used as, tax advice. Nor does the summary purport to be a comprehensive description of all tax considerations. As an example, the summary does not cover Notes held by partnerships (*handelsbolag*) or defined as a current asset in a business activity. Furthermore, this summary does not cover holdings on investment savings account (*investeringsparkonton*) which are subject to a standardised taxation, and certain tax issues that are not described below may also arise for certain investors, such as investment companies and insurance companies. The taxation of each investor depends on the specifics of such investor. Every investor in the Notes should consult tax advisers in order to receive information on the specific tax issues in relation to its particular case,

including the application and effects of foreign tax legislation, tax treaties and other rules that may apply.

6.5.1 Taxation of individuals resident in Sweden

Individuals (*fysiska personer*) resident in Sweden for tax purposes (*obegränsat skattskyldiga*) are taxed on all their income in Sweden, regardless of source.

Capital gains in connection with any divestment of the Notes are taxed as capital income at a flat tax rate of 30 per cent. The capital gains or capital losses are calculated as the difference between the sales proceeds less the sales expenditure and the acquisition cost (costs related to acquisition and improvements) for the Notes sold. The acquisition cost is calculated according to the so-called average method, implying that the tax acquisition cost is calculated as the average of the actual acquisition cost for all of the Notes of the same type and class.

Individuals resident in Sweden for tax purposes are taxed on capital gains, such as interest, as capital income at a flat tax rate of 30 per cent. Interest payments are taxed when they become disposable.

Swedish preliminary tax is normally withheld when an amount that from a Swedish tax perspective is treated as interest, is paid by a legal entity (*juridisk person*) that is resident in Sweden to an individual or an estate of a deceased person (*dödsbo*) that is resident in Sweden. Additionally, Swedish preliminary tax is normally withheld on other form of returns on notes (however not on capital gains), if such return is paid out together with such interest payment mentioned above.

6.5.2 Corporate Taxation

All income in Swedish limited liability companies, including any capital gains and dividends that are taxable, is treated as business income and is subject to a flat tax rate. The current corporate tax rate is 21,4 per cent.

Capital gains and capital losses for Swedish limited liability companies are calculated in the same manner as for individuals. Capital losses on receivables are normally deductible.

Interest shall be recorded as income in the taxation year to which it, according to generally accepted accounting principles, relates.

6.5.3 Taxation of non-residents in Sweden

Individuals that are non-resident in Sweden for tax purposes (*begränsat skattskyldiga*) are taxed only on certain incomes in Sweden.

Capital gains which may occur when a Noteholder which is non-resident in Sweden for tax purposes (*begränsat skattskyldiga*) divests Notes are generally not subject to Swedish capital gains tax, provided that such Noteholders is not engaged in any business conducted from a permanent establishment in Sweden.

Swedish withholding tax is not applicable to repayments or payment of interest to Noteholders which are non-residents in Sweden for tax purposes (*begränsat skattskyldiga*), provided that such Noteholder are not engaged in any business conducted from a permanent establishment in Sweden.

In accordance with a specific tax rule, individuals who are non-resident in Sweden for tax purposes may be subject to Swedish capital gains tax when divesting certain financial instruments, if the person, at any time during the calendar year in which the divestment occurs or during any of the ten years prior to the divestment, has been

resident or lived permanently in Sweden. The applicability of this rule may however be limited by an applicable tax treaty between Sweden and other countries.

Amounts payable under the Notes are calculated by reference to STIBOR. As at the date of this Prospectus, no administrator for STIBOR is included in the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority pursuant to article 36 of the Benchmark Regulation (Regulation (EU) 2016/1011).

1.2.2 An Event of Default is continuing if it has not been remedied or waived.

1.2.3 When ascertaining whether a limit or threshold specified in Swedish Kronor has been attained or broken, an amount in another currency shall be counted on the basis of the rate of exchange for such currency against Swedish Kronor for the previous Business Day, as published by the Swedish Central Bank (*Riksbanken*) on its website (www.riksbank.se). If no such rate is available, the most recently published rate shall be used instead.

1.2.4 A notice shall be deemed to be sent by way of press release if it is made available to the public within Sweden promptly and in a non-discriminatory manner.

1.2.5 No delay or omission of the Agent or of any Noteholder to exercise any right or remedy under the Finance Documents shall impair or operate as a waiver of any such right or remedy.

2 STATUS OF THE NOTES

2.1 The Notes are denominated in Swedish Kronor and each Note is constituted by these Terms and Conditions. The Issuer undertakes to make payments in relation to the Notes and to comply with these Terms and Conditions.

2.2 Each Noteholder is bound by these Terms and Conditions and the other Finance Documents without there being any further actions required to be taken or formalities to be complied with. Each Noteholder acknowledges and agrees, either by subscribing for or acquiring Notes, that the Notes are subject to these Terms and Conditions and the other Finance Documents.

2.3 The nominal amount of each Note is SEK 1,250,000 (the “**Nominal Amount**”). The Total Nominal Amount of the Initial Notes is SEK 200,000,000 (the “**Initial Note Issue**”). All Initial Notes are issued on a fully paid basis at an issue price of 98.5 per cent. of the Nominal Amount.

2.4 The Issuer may, at one or several occasions after the First Issue Date, issue Subsequent Notes (each such issue, a “**Subsequent Note Issue**”), so long as the Total Nominal Amount under such Subsequent Note Issue(s) and the Initial Note Issue does not exceed SEK 500,000,000 and in each case provided that the Incurrence Test (tested *pro forma* including such Subsequent Note Issue) is met. Subsequent Notes shall benefit from and be subject to the Finance Documents, and, for the avoidance of doubt, the ISIN, the interest rate, the currency, the nominal amount

and the final maturity applicable to the Initial Notes shall apply to Subsequent Notes. The issue price of the Subsequent Notes may be set at a discount or at a premium compared to the Nominal Amount.

- 2.5 The Notes constitute direct, general, unconditional, unsubordinated and unsecured obligations of the Issuer and shall at all times rank *pari passu* and without any preference among them and at least *pari passu* with all other direct, general, unconditional, unsubordinated and unsecured obligations of the Issuer, except obligations which are preferred by mandatory law and without any preference among them.
- 2.6 Upon a transfer of Notes, all rights and obligations under these Terms and Conditions and the other Finance Documents in relation to such Notes are automatically transferred to the transferee.
- 2.7 The Notes are freely transferable but the Noteholders may be subject to purchase or transfer restrictions with regard to the Notes, as applicable, under local laws to which a Noteholder may be subject. Each Noteholder must ensure compliance with such restrictions at its own cost and expense.
- 2.8 No action is being taken in any jurisdiction that would or is intended to permit a public offering of the Notes or the possession, circulation or distribution of any document or other material relating to the Issuer or the Notes in any jurisdiction other than Sweden, where action for that purpose is required. Each Noteholder must inform itself about, and observe, any applicable restrictions to the transfer of material relating to the Issuer or the Notes.

The Agent may assume that the documentation delivered to it pursuant to Clause 4.1 (*Conditions precedent to the First Issue Date*) or Clause 4.2 (*Conditions precedent to a Subsequent Note Issue*) (as applicable), is accurate, correct and complete unless it has actual knowledge that this is not the case, and the Agent does not have to verify the contents of any such documentation.
- 4.3.2 The Agent shall confirm to the Issuing Agent when it has received the documents and evidences as set out in Clause 4.1 (*Conditions precedent to the First Issue Date*) or Clause 4.2 (*Conditions precedent to a Subsequent Note Issue*) (as applicable).

The Issuer may not revoke any such power of attorney unless directed by the Agent or unless consent thereto is given by the Noteholders.
- 5.6 At the request of the Agent, the Issuer shall promptly instruct the Issuing Agent to obtain information from the Debt Register and provide it to the Agent.
- 5.7 The Issuer and the Agent may use the information from the Debt Register only for the purposes of carrying out their duties and exercising their rights in accordance with the Finance Documents and shall not disclose such information to any Noteholder or third party, unless necessary for such purposes. In addition, the Issuer shall upon request disclose information from the Debt Register to a Noteholder in relation to matters that may require consent of Noteholders representing at least 66 2/3 per cent. of the Adjusted Nominal Amount.

6 RIGHT TO ACT ON BEHALF OF A NOTEHOLDER

- 6.1 If any person other than a Noteholder wishes to exercise any rights under the Finance Documents, it must obtain a power of attorney or other proof of authorisation from the Noteholder or a successive, coherent chain of powers of attorney or proofs of authorisation starting with the Noteholder and authorising such person.

- 6.2 A Noteholder may issue one or several powers of attorney to third parties to represent it in relation to some or all of the Notes held by it. Any such representative may act independently under the Finance Documents in relation to the Notes for which such representative is entitled to represent the Noteholder and may further delegate its right to represent the Noteholder by way of a further power of attorney.
- 6.3 The Agent shall only have to examine the face of a power of attorney or other proof of authorisation that has been provided to it pursuant to Clause 6.2 and may assume that it has been duly authorised, is valid, has not been revoked or superseded and that it is in full force and effect, unless otherwise is apparent from its face or the Agent has actual knowledge to the contrary.

7 PAYMENTS IN RESPECT OF THE NOTES

- 7.1 Any payment or repayment under the Finance Documents, or any amount due in respect of a repurchase of any Notes requested by a Noteholder pursuant to these Terms and Conditions, shall be made to such person who is registered as a Noteholder on the Record Date immediately prior to the relevant payment date.
- 7.2 If a Noteholder has registered, through an Account Operator, that principal, interest or any other payment shall be deposited in a certain bank account, such deposits will be effected by the CSD on the relevant payment date. In other cases, payments will be transferred by the CSD to the Noteholder at the address registered with the CSD on the Record Date. Should the CSD, due to a delay on behalf of the Issuer or some other obstacle, not be able to effect payments as aforesaid, the Issuer shall procure that such amounts are paid to the persons who are registered as Noteholders on the relevant Record Date as soon as possible after such obstacle has been removed.
- 7.3 If, due to any obstacle for the CSD, the Issuer cannot make a payment or repayment, such payment or repayment may be postponed until the obstacle has been removed. Interest shall accrue in accordance with Clause 8.4 during such postponement.

- 7.5 The Issuer shall pay any stamp duty and other public fees accruing in connection with a Note Issue, but not in respect of trading in the secondary market (except to the extent required by applicable law), and shall deduct at source any applicable withholding tax payable pursuant to law. The Issuer shall not be liable to reimburse any stamp duty or public fee or to gross-up any payments under the Terms and Conditions by virtue of any withholding tax.

8 INTEREST

- 8.1 Each Initial Note carries Interest at the Interest Rate applied to the Nominal Amount from (but excluding) the First Issue Date up to (and including) the relevant Redemption Date. Any Subsequent Note will carry Interest at the Interest Rate applied to the Nominal Amount from (but excluding) the Interest Payment Date falling immediately prior to its issuance (or the First Issue Date if there is no such Interest Payment Date) up to (and including) the relevant Redemption Date.

- 8.4 If the Issuer fails to pay any amount payable by it under the Finance Documents on its due date, default interest shall accrue on the overdue amount from (but excluding) the due date up to (and including) the date of actual payment at a rate which is two per cent. higher *per annum* than the Interest Rate for such Interest Period. Accrued default interest shall not be capitalised. No default interest shall accrue where the failure to pay was solely attributable to the Agent or the CSD, in which case the Interest Rate shall apply instead.

9 REDEMPTION AND REPURCHASE OF THE NOTES

9.1 Redemption at maturity

The Issuer shall redeem all, but not some only, of the outstanding Notes in full on the Final Maturity Date (or, to the extent such day is not a Business Day and if permitted under the CSD's applicable regulations, on the first following Business Day) with an amount per Note equal to the Nominal Amount together with accrued but unpaid Interest.

- (i) the suspension of payments, winding-up, reorganisation (*företagsrekonstruktion*) or similar (by way of voluntary arrangement or otherwise) of any Group Company; and
 - (ii) the appointment of a liquidator, administrator, or other similar officer in respect of any Group Company or any of its assets or any analogous procedure.

- 13.2 The Agent may not accelerate the Notes in accordance with Clause 13.1 by reference to a specific Event of Default if it is no longer continuing or if it has been decided, on a Noteholders Meeting or by way of a Written Procedure, to waive such Event of Default (temporarily or permanently).
- 13.3 The Agent shall notify the Noteholders of an Event of Default within five Business Days of the date on which the Agent received actual knowledge of that an Event of Default has occurred and is continuing. The Agent shall, within 20 Business Days of the date on which the Agent received actual knowledge of that an Event of Default has occurred and is continuing, decide if the Notes shall be so accelerated. If the Agent decides not to accelerate the Notes, the Agent shall promptly seek instructions from the Noteholders in accordance with Clause 15 (*Decisions by Noteholders*). The Agent shall always be entitled to take the time necessary to consider whether an occurred event constitutes an Event of Default (or any event that may lead to an Event of Default).

- 13.5 If the right to accelerate the Notes is based upon a decision of a court of law, an arbitral tribunal or a government authority, it is not necessary that the decision has become enforceable under law or that the period of appeal has expired in order for cause of acceleration to be deemed to exist.
- 13.6 In the event of an acceleration of the Notes in accordance with this Clause 13, the Issuer shall redeem all Notes at an amount per Note equal to the redemption amount due under Clause 9.3 (*Voluntary total redemption (call option)*), together with accrued but unpaid Interest, or if the Notes are accelerated prior to the First Call Date, at the price set out in paragraph a) of Clause 9.3 (*Voluntary total redemption (call option)*) plus accrued and unpaid interest.

- 14.3 Funds that the Agent receives (directly or indirectly) in connection with the acceleration of the Notes constitute escrow funds (*redovisningsmedel*) and must be held on a separate interest-bearing account on behalf of the Noteholders and the other interested parties. The Agent shall arrange for payments of such funds in accordance with this Clause 14 as soon as reasonably practicable.
- 14.4 If the Issuer or the Agent shall make any payment under this Clause 14, the Issuer or the Agent, as applicable, shall notify the Noteholders of any such payment at least 15 Business Days before the payment is made. Such notice shall specify the Record Date, the payment date and the amount to be paid. Notwithstanding the foregoing, for any Interest due but unpaid the Record Date specified in Clause 7.1 shall apply.

The person requesting the decision may suggest the form for decision making, but if it is in the Agent's opinion more appropriate that a matter is dealt with

at a Noteholders' Meeting than by way of a Written Procedure, it shall be dealt with at a Noteholders' Meeting.

15.3 The Agent may refrain from convening a Noteholders' Meeting or instigating a Written Procedure if (i) the suggested decision must be approved by any person in addition to the Noteholders and such person has informed the Agent that an approval will not be given, or (ii) the suggested decision is not in accordance with applicable laws.

15.4 Only a person who is, or who has been provided with a power of attorney pursuant to Clause 6 (*Right to act on behalf of a Noteholder*) from a person who is, registered as a Noteholder:

This includes, but is not limited to, any amendment to, or waiver of, the terms of any Finance Document that does not require a higher majority (other than an amendment permitted pursuant to Clause 18.1 a) or b)), an acceleration of the Notes.

15.7 Quorum at a Noteholders' Meeting or in respect of a Written Procedure only exists if a Noteholder (or Noteholders) representing at least 50 per cent. of the Adjusted Nominal Amount in case of a matter pursuant to Clause 15.5, and otherwise 20 per cent. of the Adjusted Nominal Amount:

a) if at a Noteholders' Meeting, attend the meeting in person or by telephone conference (or appear through duly authorised representatives); or

b) if in respect of a Written Procedure, reply to the request.

If a quorum exists for some but not all of the matters to be dealt with at a Noteholders' Meeting or by a Written Procedure, decisions may be taken in the matters for which a quorum exists.

- 15.8 If a quorum does not exist at a Noteholders' Meeting or in respect of a Written Procedure, the Agent or the Issuer shall convene a second Noteholders' Meeting (in accordance with Clause 16.1) or initiate a second Written Procedure (in accordance with Clause 17.1), as the case may be, provided that the person(s) who initiated the procedure for Noteholders' consent has confirmed that the relevant proposal is not withdrawn. For the purposes of a second Noteholders' Meeting or second Written Procedure pursuant to this Clause 15.8, the date of request of the second Noteholders' Meeting pursuant to Clause 16.1 or second Written Procedure pursuant to Clause 19.1, as the case may be, shall be deemed to be the relevant date when the quorum did not exist. The quorum requirement in Clause 15.7 shall not apply to such second Noteholders' Meeting or Written Procedure.
- 15.9 Any decision which extends or increases the obligations of the Issuer or the Agent, or limits, reduces or extinguishes the rights or benefits of the Issuer or the Agent, under the Finance Documents shall be subject to the Issuer's or the Agent's consent, as applicable.
- 15.10 A Noteholder holding more than one Note need not use all its votes or cast all the votes to which it is entitled in the same way and may in its discretion use or cast some of its votes only.
- 15.11 The Issuer may not, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any Noteholder for or as inducement to any consent under these Terms and Conditions, unless such consideration is offered to all Noteholders that consent at the relevant Noteholders' Meeting or in a Written Procedure within the time period stipulated for the consideration to be payable or the time period for replies in the Written Procedure, as the case may be.
- 15.12 A matter decided at a duly convened and held Noteholders' Meeting or by way of Written Procedure is binding on all Noteholders, irrespective of them being present or represented at the Noteholders' Meeting or responding in the Written Procedure. The Noteholders that have not adopted or voted for a decision shall not be liable for any damages that this may cause other Noteholders.
- 15.13 All costs and expenses incurred by the Issuer or the Agent for the purpose of convening a Noteholders' Meeting or for the purpose of carrying out a Written Procedure, including reasonable fees to the Agent, shall be paid by the Issuer.
- 15.14 If a decision is to be taken by the Noteholders on a matter relating to the Finance Documents, the Issuer shall promptly at the request of the Agent provide the Agent with a certificate specifying the number of Notes owned by Group Companies or to the Issuer's knowledge, by an Affiliate of a Group Company, irrespective of whether such person is directly registered as owner of such Notes. The Agent shall not be responsible for the accuracy of such certificate or otherwise be responsible for determining whether a Note is owned by a Group Company or an Affiliate of a Group Company.
- 15.15 Information about decisions taken at a Noteholders' Meeting or by way of a Written Procedure shall promptly be sent by notice to the Noteholders and published on the websites of the Issuer and the Agent, provided that a failure to do so shall not invalidate any decision made or voting result achieved. The minutes from the relevant Noteholders' Meeting or Written Procedure shall at the request of a Noteholder be sent to it by the Issuer or the Agent, as applicable.

16 NOTEHOLDERS' MEETING

- 16.1 The Agent shall convene a Noteholders' Meeting as soon as practicable and in any event no later than five Business Days after receipt of a valid request from the Issuer or the Noteholder(s) (or such later date as may be necessary for technical or administrative reasons). If the Noteholders' Meeting has been requested by the Noteholder(s), the Agent shall send a copy of the notice to the Issuer.
- 16.2 Should the Issuer want to replace the Agent, it may convene a Noteholders' Meeting in accordance with Clause 16.1 with a copy to the Agent. Only matters that have been included in the notice may be resolved upon at the Noteholders' Meeting. Should prior notification by the Noteholders be required in order to attend the Noteholders' Meeting, such requirement shall be included in the notice.
- 16.4 The Noteholders' Meeting shall be held no earlier than 15 Business Days and no later than thirty 30 Business Days after the effective date of the notice.
- 16.5 Without amending or varying these Terms and Conditions, the Agent may prescribe such further regulations regarding the convening and holding of a Noteholders' Meeting as the Agent may deem appropriate. Such regulations may include a possibility for Noteholders to vote without attending the meeting in person.

17 WRITTEN PROCEDURE

- 17.1 The Agent shall instigate a Written Procedure as soon as practicable and in any event no later than five Business Days after receipt of a valid request from the Issuer or the Noteholder(s) (or such later date as may be necessary for technical or administrative reasons) by sending a communication to each person who is registered as a Noteholder on the Business Day prior to the date on which the communication is sent.
- 17.2 Should the Issuer want to replace the Agent, it may send a communication in accordance with Clause 17.1 to each Noteholder with a copy to the Agent.

If the voting is to be made electronically, instructions for such voting shall be included in the communication.
- 17.4 When the requisite majority consents of the total Adjusted Nominal Amount pursuant to Clauses 15.5 and 15.6 have been received in a Written Procedure, the relevant decision shall be deemed to be adopted pursuant to Clause 15.5 or 15.6, as the case may be, even if the time period for replies in the Written Procedure has not yet expired.

18 AMENDMENTS AND WAIVERS

- 18.1 The Issuer and the Agent (acting on behalf of the Noteholders) may agree to amend the Finance Documents or waive any provision in a Finance Document, provided that:
- a) such amendment or waiver is not detrimental to the interest of the Noteholders as a group, or is made solely for the purpose of rectifying obvious errors and mistakes;
 - b) such amendment or waiver is required by applicable law, a court ruling or a decision by a relevant authority;
 - c) such amendment or waiver is necessary for the purpose of listing the Notes on the corporate bond list of Nasdaq Stockholm, provided such amendment or waiver does not materially adversely affect the rights of the Noteholders; or

- 18.2 The consent of the Noteholders is not necessary to approve the particular form of any amendment to the Finance Documents. It is sufficient if such consent approves the substance of the amendment.
- 18.3 The Agent shall promptly notify the Noteholders of any amendments or waivers made in accordance with Clause 18.1, setting out the date from which the amendment or waiver will be effective, and ensure that any amendments to the Finance Documents are published in the manner stipulated in Clause 10.4 (*Publication of Finance Documents*). - 18.4 An amendment to the Finance Documents shall take effect on the date determined by the Noteholders Meeting, in the Written Procedure or by the Agent, as the case may be.

19 APPOINTMENT AND REPLACEMENT OF THE AGENT

19.1 Appointment of the Agent

- 19.1.1 By subscribing or acquiring Notes, each Noteholder appoints the Agent to act as its agent in all matters relating to the Notes and the Finance Documents, and authorises the Agent to act on its behalf (without first having to obtain its consent, unless such consent is specifically required by these Terms and Conditions) in any legal or arbitration proceedings relating to the Notes held by such Noteholder.
- 19.1.2 Each Noteholder shall immediately upon request provide the Agent with any such documents, including a written power of attorney (in form and substance satisfactory to the Agent), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Finance Documents. The Agent is under no obligation to represent a Noteholder which does not comply with such request.

In particular, the Agent is not acting as an advisor (whether legal, financial or otherwise) to the Noteholders or any other person.
- 19.2.4 The Agent is not obligated to assess or monitor the financial condition of the Issuer or compliance by the Issuer of the terms of the Finance Documents unless to the extent expressly set out in the Terms and Conditions and the other Finance Documents, or to take any steps to ascertain whether any Event of Default (or any event that may lead to an Event of Default) has occurred. Until it has actual knowledge to the contrary, the Agent is entitled to assume that no Event of Default (or any event that may lead to an Event of Default) has occurred.
- 19.2.5 The Agent is entitled to delegate its duties to other professional parties (without having to first obtain any consent from the Issuer or the Noteholders), but the Agent shall remain liable for the actions of such parties under the Finance Documents.
- 19.2.6 The Agent shall treat all Noteholders equally and, when acting pursuant to the Finance Documents, act with regard only to the interests of the Noteholders and shall not be required to have regard to the interests or to act upon or comply with any direction or request of any other person, other than as explicitly stated in the Finance Documents.
- 19.2.7 The Agent is entitled to engage external experts when carrying out its duties under the Finance Documents. - 19.2.9 Notwithstanding any other provision of the Finance Documents to the contrary, the Agent is not obliged to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any law or regulation.
- 19.2.10 If in the Agent's reasonable opinion the cost, loss or liability which it may incur (including reasonable fees to the Agent) in complying with instructions of the Noteholders, or taking any action at its own initiative, will not be covered by the Issuer, the Agent may refrain from acting in accordance with such instructions, or taking such action, until it has received such funding or indemnities (or adequate Security has been provided therefore) as it may reasonably require.
- 19.2.11 Unless it has actual knowledge to the contrary, the Agent may assume that all information provided by or on behalf of the Issuer (including by its advisors) is correct, true and complete in all aspects.

19.3 Limited liability for the Agent

- 19.3.2 The Agent shall not be considered to have acted negligently if it has acted in accordance with advice from or opinions of reputable external experts engaged by, or addressed to, the Agent or if the Agent has acted with reasonable care in a situation when the Agent considers that it is detrimental to the interests of the Noteholders to delay the action in order to first obtain instructions from the Noteholders.
- 19.3.3 The Agent shall not be liable for any delay (or any related consequences) in crediting an account with an amount required pursuant to the Finance Documents to be paid by the Agent to the Noteholders, provided that the Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by the Agent for that purpose.
- 19.3.4 The Agent shall have no liability to the Noteholders for damage caused by the Agent acting in accordance with instructions of the Noteholders given to the Agent in accordance with the Finance Documents.

19.4 Replacement of the Agent

- 19.4.1 Subject to Clause 19.4.6, the Agent may resign by giving notice to the Issuer and the Noteholders, in which case the Noteholders shall appoint a successor Agent at a Noteholders' Meeting convened by the retiring Agent or by way of Written Procedure initiated by the retiring Agent.

- 19.4.2 Subject to Clause 19.4.6, if the Agent is Insolvent, the Agent shall be deemed to resign as Agent and the Issuer shall within ten Business Days appoint a successor Agent which shall be an independent financial institution or other reputable company which regularly acts as agent under debt issuances.
- 19.4.3 A Noteholder (or Noteholders) representing at least ten per cent. of the Adjusted Nominal Amount may, by notice to the Issuer (such notice may only be validly given by a person who is a Noteholder on the Business Day immediately following the day on which the notice is received by the Issuer and shall, if given by several Noteholders, be given by them jointly), require that a Noteholders' Meeting is held for the purpose of dismissing the Agent and appointing a new Agent. The Issuer may, at a Noteholders' Meeting convened by it or by way of Written Procedure initiated by it, propose to the Noteholders that the Agent be dismissed and a new Agent appointed.
- 19.4.4 If the Noteholders have not appointed a successor Agent within 90 days after (i) the earlier of the notice of resignation was given or the resignation otherwise took place or (ii) the Agent was dismissed through a decision by the Noteholders, the Issuer shall appoint a successor Agent which shall be an independent financial institution or other reputable company which regularly acts as agent under debt issuances.
- 19.4.5 The retiring Agent shall, at its own cost, make available to the successor Agent such documents and records and provide such assistance as the successor Agent may reasonably request for the purposes of performing its functions as Agent under the Finance Documents.

- 19.4.7 Upon the appointment of a successor, the retiring Agent shall be discharged from any further obligation in respect of the Finance Documents but shall remain entitled to the benefit of the Finance Documents and remain liable under the Finance Documents in respect of any action which it took or failed to take whilst acting as Agent. Its successor, the Issuer and each of the Noteholders shall have the same rights and obligations amongst themselves under the Finance Documents as they would have had if such successor had been the original Agent.
- 19.4.8 In the event that there is a change of the Agent in accordance with this Clause 19.4, the Issuer shall execute such documents and take such actions as the new Agent may reasonably require for the purpose of vesting in such new Agent the rights, powers and obligation of the Agent and releasing the retiring Agent from its further obligations under the Finance Documents and the Agency Agreement. Unless the Issuer and the new Agent agree otherwise, the new Agent shall be entitled to the same fees and the same indemnities as the retiring Agent.

20 APPOINTMENT AND REPLACEMENT OF THE ISSUING AGENT
